Exhibit - Authorization for Electronic Network Access

Each staff member must sign this Authorization as a condition for using the District's Electronic Network connection. Each student and his/her parent(s)/guardian(s) must sign the Authorization before being granted unsupervised access. School Board members and administrators are treated like teachers for purposes of this Authorization. Please read this document carefully before signing.

All use of the Internet shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. This *Authorization* does not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow the terms of the *Authorization for Electronic Network Access* will result in the loss of privileges, disciplinary action, and/or appropriate legal action.** The signature(s) at the end of this document are legally binding and indicate the parties who signed have read the terms and conditions carefully and understand their significance.

2. Privileges - the use of the District's electronic networks is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator will make all decisions regarding whether or not a use has violated this *Authorization* and may deny, revoke, or suspend access at any time; his/her decision is final.
3. Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable use are:

4. Network Etiquette - you are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:
- a. Be polite. Do not become abusive in your messages to others.
 - b. Use appropriate language. Do not swear, use vulgarities or other inappropriate language.
 - c. Do not reveal the personal information including the addresses or telephone numbers of students or colleagues.
 - d. Recognize that electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
 - e. Do not use the network in any way that would disrupt its use by other users.
 - f. Consider all communication and information accessible via the network to be private property.
5. No Warranties - the District makes no warranties of any kind, expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. This District specifically denies any responsibility for the accuracy or quality of information obtained through its services.
6. Indemnification - the user agrees to indemnify the District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any breach of this *Authorization*.
7. Security - network security is a high priority. If you identify a security problem on the Internet, you must notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.
8. Vandalism - vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or

- destroy data of another user, the Internet or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.
9. Telephone charges - the district assumes no responsibility for any unauthorized charges/fees, including telephone long-distance charges, per-minute surcharges and/or equipment/line costs.
 10. Copyright Web Publishing Rules - copyright law and district policy prohibit the republishing of text or graphics found on the Web or on district web sites or file servers, without explicit written permission.
 - a. For each republication (on a web site or file server) of a graphic or text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
 - b. Students and staff engaged in producing web pages must provide library media specialists with e-mail or hard copy permission before the web pages are published. Printed evidence of the status of “public domain” documents must be provided.
 - c. The absence of a copyright notice may not be interrupted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the web site displaying the material may not be considered a source of permission.
 - d. The “fair use” rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
 - e. Student work may only be published if there is written permission from both the parent/guardian and student.
 11. Use of Electronic Mail
 - a. The District’s electronic mail system and its constituent software, hardware and data files, are owned and controlled the School District. The District provides e-mail to aid students and staff members in fulfilling their duties and responsibilities and as an education tool.
 - b. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account’s user. Unauthorized access by any student or staff member to an electronic mail account is strictly prohibited.
 - c. Each person should use the same degree of care in drafting an electronic mail message as would be put into a written memorandum or document. Nothing should be transmitted in an e-mail message that would be inappropriate in a letter or memorandum.
 - d. Electronic messages transmitted via the District’s Internet gateway carry with them an identification of the user’s Internet “domain”. This domain name is a registered domain name and identifies the author as being with the School

District. Great care should be taken, therefore, in the composition of such messages and how they might reflect on the name and reputation of this District. Users will be held personally responsible for the content of any and all electronic mail messages transmitted to external recipients.

- e. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message’s authenticity and the nature of the file so transmitted.
- f. Use of the District’s electronic mail system constitutes consent to these regulations.

Internet Safety

1. Internet access is limited to only those “acceptable uses” as detailed in these procedures. Internet safety is almost assured if users will not engage in “unacceptable uses,” as detailed in this Authorization, and otherwise follow this *Authorization*.

3. Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children’s Internet Protection Act and as determined by the Superintendent or designee.

I further understand that should I commit any violation, my access privileges may be revoked, and school disciplinary action and/or appropriate legal action may be taken. In consideration for using the District’s electronic network connection and having access to public networks, I hereby release the School District and its Board members, employees, and agents from any claims and damages arising from my use of, or inability to use the Internet.
