1. The course is given by an institution approved by the Superintendent or designee;
2. The student is a fourth or fifth year senior;
3. The student assumes responsibility for all fees; and
4. The Building Principal approves the course in advance.

Grades earned in approved distance learning courses count toward a student's grade point average, class rank, and eligibility for athletic and extracurricular activities. The District may pay the fee for expelled students who are permitted to take virtual or online courses in alternative settings.

**Exchange Programs**

An exchange student will be granted a diploma if he or she completes the criteria for graduation established by the State of Illinois and the School Board. The Board may grant a certificate of attendance to exchange students.

District students will receive high school credit for foreign exchange courses that meet the criteria established in the curriculum and that are approved by the Building Principal. International study course work not meeting District requirements may be placed in the student's permanent record and recorded as an international study experience.

### College Courses

1. The student is a junior or senior in good academic standing;
2. The course is not offered in the high school curriculum;
3. The course is approved in advance by the student's guidance counselor and the High School Principal; and
4. The student assumes responsibility for all fees.

A maximum of 6 outside units of credit may be counted toward the requirements for a student's high school graduation. One course will be equal to one credit. Students are awarded pass/fail status only. Grades earned do not impact the student's GPA.

Seniors with 3.0 cumulative GPA and in good standing may take up to two (2) college courses in lieu of GHS courses. Students who qualify may replace either first or last period courses to complete college course requirements.

### Dual Credit Courses

A student who successfully completes a dual credit course may receive credit at both the college and high school level.

### Foreign Language Courses

A student will receive high school credit by studying foreign language in an approved ethnic school program, provided such program meets the minimum standards established by the State Board of Education.

The amount of credit will be based on foreign language proficiency achieved. The Building Principal may require a student seeking foreign language credit to successfully complete a foreign language proficiency examination.

The student seeking credit shall supply any documents or transcripts necessary to support the request.
