Community Use of School Facilities

School facilities are available to the community for education, civic, cultural, and other non-commercial uses consistent with the public interest when such use does not interfere with the school program or school-sponsored activities. The use of school facilities for school purposes has precedence over all other uses. Persons on school premises must abide by the District's conduct rules at all times.

Student and school-related organizations are granted the use of school facilities at no cost. Other organizations granted use of facilities shall pay fees and costs.

The Superintendent shall develop procedures to manage community use of school facilities. Use of school facilities requires the Superintendent's approval and is subject to the procedures.
