

Greenfield CUSD 10 Wellness Policy Implementation Plan for Physical Activity

Instructions:

The Wellness Policy Implementation Plan should demonstrate continuous improvement efforts while focusing on objectives that are realistic and reachable. The plan is to be collaboratively developed by the Greenfield Wellness Committee/School Health Council, shared with all stakeholders and kept on file for review by Child Nutrition & Wellness departments, parents, board members, and community stakeholders.

The Wellness Policy Implementation Plan needs to include ONLY those guidelines that are either “In Progress” or “New Goals”. Delete the rows in the following tables for all of the guidelines that are NOT either in progress or new goals for the coming school year. For each of the remaining guidelines, explain what will be done (i.e. action steps or strategies), who is responsible and the beginning and ending dates of the action steps.
