

Operational Services

Busing Policy - Students to Day Care Providers

Students living within 1.5 miles of the school they attend will be allowed to ride the school bus to and from only one designated day care provider* provided that:

- a) provider is in excess of 1.5 miles from the school they attend,
- b) on the day of registration the provider is designated as the permanent stop for the student.

There will be two times per school year in which parents may sign up their student:

- a) at the time of registration, and
- b) December prior to Christmas break (effective start of semester).

Under emergency situations, school administration may deal with individual circumstances.

On a form provided by the district, parents of the student and the day care provider will sign attesting to the knowledge that said student will be delivered to the day care providers address on a permanent basis, unless the school district receives notice in writing from both the day care provider and parent revoking the privilege.

*Define: Day Care Provider - one that is licensed by the State of Illinois, or immediate family or unlicensed (no more than 2 - 3 per stop).

ADOPTED: January 15, 2001
