

Scholarship Websites

Keep in mind that it might take a while to search around some of these websites. If you have any unique interests or characteristics, search for those—for example: “scholarships for left handed people” etc.

Local scholarships will come up in the spring semester and you will hear about them in the announcements. Also, you may apply for scholarships at the college of your choice. Many colleges will let you know of scholarships you qualify for when you list them (the colleges) on your financial aid/FAFSA form.

www.fastweb.com

www.scholarships.com

www.collegeboard.com Go to “Search” and type in “scholarships”

www.salliemae.com Go to “Search” and type in “scholarships”
